

BABY LAYETTE PROJECT

Mr. Furstenau

Directions:

- 1) Using the internet or a store(s) of your choice, you are responsible to find the cost for the following items for newborn babies.
- 2) On a Google Slide, you will need to show your price research that you have found for the following items for newborn babies.
 - a) A title slide needs to be attractive and/or colorful, and have your name, date, and period.
 - b) Put together your slides by the grouping found below (ie: Diapering Needs, Bedding and Bedroom, etc.) and make that your title for that slide.
 - c) There needs to be a picture for each item on the list below.
- 3) The second to last slides to needs to show the groups totals and the overall total (adding all groupings).
- 4) On the last slide, answer the following questions:
 - a) Which product was completely surprising in its cost? Highest? Lowest?
 - b) Compare with the past, what did your parents, grandparents, or other parents think about today's cost versus "back in the day".
 - c) Name three things that you learned by doing this project.
